The Revenant line was released in two different wrapper options—Honduran corajo or Mexican San Andrés—but Gurkha has a new Connecticut version which is included in the sampler. NB - Currently, the only way to purchase the Revenant Connecticut is in this sampler!

Each cigar is a 6 x 50 toro, though unlike the Revenant cigars that are sold in boxes, the sampler cigars are round instead of box pressed.

**£110.00 Pk 6**

Steeped in legend and history, the Gurkha Cigar created more than a century ago, was reborn in 1989. The company has continuously rolled out meticulously handcrafted cigars, epitomizing all that is luxury. Today, Gurkha makes a cigar for all price points and all palates, but when it began, Gurkha cigars were unlike other cigars in the market. They also came in highly ornate packaging and with a steep price tag. Hansotia felt that there was a market for more luxurious and exclusive cigars for those with tastes for only the finer and more elusive products. In focusing on this segment, Hansotia created the ultra-premium cigar category. Each cigar is a 6 x 50 toro,

## **INTRODUCING another new range for 2024**

### **Pipes & Pipe Tobacco (*Tinned*)**

NB: We're starting with a small selection as we expect to be guided by you - our customers!

#### **SG Squadron leader, 50g Tin**

**£25.00 Each**

Blend Type - English  
Contents - Latakia, Oriental/Turkish, Virginia  
Cut – Ribbon  
Strength - 4/5  
Added Flavours - 0/5

A stunning blend of Orientals, Latakia and Virginia's, both dark and golden. The smoke is silky smooth, with a complex and balanced array of flavours, with every tobacco represented. The creamy, almost sour cream notes of the Turkish, with earthy, woody notes from the darker Virginia's. The more golden Virginia bring a subtle hay note and melds to create a sweet and smoky flavour. Not overly strong in the nicotine department, but the flavours still make for a very satisfying smoke.

#### **KBC (*Prev. Kendal Black Cherry*), 50g Tin**

**£23.50 Each**

Blend - Black Cavendish  
Casings - Black Cherry  
Cut – Ribbon  
Strength - Mild  
Added Flavours - Medium-Strong  
Taste - Medium  
Overall - 3/4

This sticky and moist Cavendish is mainly black, with an aroma which invites you in. Whereas most Cherry aromatics have a sweet and almost almond aroma to them, this has a bitter dark cherry scent. The tobacco smokes best either a wide bowled pipe, or dried out in a narrower one. Thanks to the stronger base blend, this tobacco's more strength and nicotine compared to most aromatics. The lack of artificially sweet cherry makes for a great aromatic, the notion of "sweet hot air" is not found in this blend.

#### **Kendal Gold, 50g Tin**

**£22.00 Each**

Blend – Pure Virginia  
Strength - Mild  
Cut - Coarse

A true British pipe tobacco blend created right here in the UK. Gawith Hoggarth's Kendal Tobacco's are world renowned for their high quality and pure Virginia blend. Very smooth, very mild and the 100% Virginia tobaccos have a naturally grassy, slightly sweet flavour. This shag cut tobacco is not hand rolling tobacco, and is coarse cut.

#### **GH Summer Reserve 2024, 50g Tin**

**£24.00 Each**

Aroma: Non Aromatic  
Cut: Mixture  
Flavour 4/5
